

ANNUAL REPORT

OF THE

BOARD OF OFFICERS

OF THE

TOWN OF WEST RUTLAND,

VERMONT.

FOR THE

Year Ending February 21, 1894.

RUTLAND:
E. D. WORDEN, PRINTER.
• 1894.

Selectmen's Report.

To the Taxpayers of West Rutland :

Your selectmen have drawn 209 orders the past year as follows: General account, 112; on special account, 3; on sidewalk account, 24; on electric light account, 6; on account of town liquor agency, 40; and for bills contracted by previous board, 24.

GENERAL ACCOUNT.

One hundred and twelve orders drawn on general account amount to \$6,267.90. Of this sum the salary of the Overseer, taxes and insurance on town farm and painting town buildings amount to \$716.93. Interest on town bonds amounting to \$875.00; state taxes on grand list, \$2,156.46; repairing highway bridges which the law of 1892 provides shall be paid from the general fund, \$497.41; building sewer on Marble street, \$269.29; new iron bridge on Clarendon avenue, \$200.00. Orders drawn on account of sheep being killed by dogs \$123.43, together with salaries and money voted at town meeting amounting to \$349.00, and \$101.50 interest on school bonds which should be chargeable to school fund account, making a total of \$5,289.02. Deducting this from \$6,267.90 it leaves \$978.88, which is the amount expended in running town affairs as compared with previous years.

SPECIAL ACCOUNT.

Orders No. 153, 156 and 157 are vouchers to the Town Treasurer for the payment of the town school tax of eight per cent provided for in the session laws of 1888 and the proceeds of the five per cent state school tax, also the interest on

the U. S. Deposit fund, which make the public school money divided among the school districts according to law. Since the organization of the town this fund has been divided in advance of its collection and at the beginning of the year with the radical change in school matters your selectmen found that the town was indebted to the several school districts to the amount of their proportion of this fund. Upon a demand from the officers of the school districts we decided to divide what money there ought to be in this fund and drew the same from the general town tax which increased the expenses of the town to the amount of \$2,654.34.

TOWN LIQUOR AGENCY.

Mr. John Murphy, the present town liquor agent, has had charge of the town liquor agency the past year. Mr. Murphy is an honest and efficient man in the position and performed the duties of the office very satisfactorily. A large number of people from surrounding towns have been supplied at the agency during the year according to the instructions of the County Commissioner. The balance profit of \$1,051.07 is a good showing when it is taken into account the small margin above costs at which the goods have been sold.

HIGHWAY BRIDGES.

The session laws of 1892 provide that the selectmen shall repair all highway bridges exceeding four feet span and the expense shall be paid from the proceeds of the general town tax. Your selectmen have done all needed repairs and the highway bridges are in good condition and will not need repairing the coming year with the exception of two bridges one on Water street and one on Kelly avenue which will, need overhauling the coming spring.

ELECTRIC LIGHTS.

The town at the last town meeting refused to vote any tax to defray the expense of electric lights and appointed a committee to investigate our system of lighting and report on

the same. The committee have performed the duty assigned to them and will submit their report to the voters in town meeting. Your selectmen have drawn orders to the amount of \$933.31 on the electric light fund, being money unexpended from last electric light tax. No orders have been drawn to pay for electric lights for the past seven months, as your selectmen did not feel justified to use the money raised by the general town tax.

CLAIMS AGAINST THE TOWN.

The claims of the town of Rutland against the town of West Rutland are still pending in court and will be reached at the coming term. Your selectmen, through their counsel, have made all necessary arrangements which will be explained to the incoming board.

TOWN FARM AND TOWN POOR.

At the beginning of the year your selectmen found that the town farm buildings needed painting as was recommended by our predecessors. We have had the house and barn painted in first-class condition at a cost of \$255.41. The report of the Overseer of the Poor, printed elsewhere, shows the expense of maintaining the poor to be slightly in excess of the previous year. We think, however, that considering the depression in business and the condition of the poorer classes and the evil effects attending a panic together with the efforts required to be put forth in all manufacturing centers to relieve the needy, that Mr. Brennan has done as well as could be done under the present system.

Respectfully submitted,

M. W. CANNON,
W. B. MORAN,
A. A. KIDDER,

} Selectmen.

Overseer's Report.

To the Taxpayers of West Rutland:

In presenting to you this, my second annual report as Overseer of the Poor, I would ask you to examine it impartially and carefully and in doing so take into consideration that during the past year this country has passed through one of the worst panics we have ever experienced. In all large places and manufacturing centers it has been found necessary for charity to put forth extra efforts to support and provide for the needy classes who have been thrown out of employment owing to the depression existing in all classes of business, and while I believe we have not been called upon to put forward as great an effort in relieving our poor as some of our neighboring towns, yet you will find that it has considerably increased the amount necessary for the relief of the outside poor.

Yet by referring to a comparison which I make with previous years attached to this report and which comparison is tabulated from previous town reports, it will be seen that the percentage of increase in this respect is small as compared with existing circumstances and want of employment, while the cost of maintaining the poor at the farm during the past two years shows a marked reduction over previous years.

In regard to permanent improvements on farm I have seeded to grass the past year about twelve acres; have had the piazza roof tinned, a floor laid in dining room and some necessary repairs made on farm buildings. Have also laid some four hundred feet of new water pipe from spring to house and barn and have had some 80 cords of wood chopped and on hand at present. These items you will find in the body of my report, which I hereby submit to your inspection and approval.

PATRICK BRENNAN,

Overseer of Poor.

A COMPARISON OF COST OF MAINTAINING THE POOR SINCE 1890.

Year.	Outside Poor.	Inmates of Farm.	Overseer of Poor.

Fifty bushels oats.
One cultivator.
Two hand plows.
One old shovel plow.
Two cross cut saws.
One pick.
Two sets of whiffletrees and
eveners.
One brush.
One set measures.
Three sprinklers.
Four trace chains.
Three potato forks.
One shovel.
Two heavy harnesses.
One roll barbed wire.
One horse rake.
Three ladles.
Three tons straw.

Three scythes and snaths.	One mowing machine.
Seventeen bags.	One spring harrow.
Two wagon jacks.	One set traverse sleds.
Four manure forks.	One monkey wrench.
One set spread chains.	Five blankets.
One robe.	Four hay forks.
Set whitetree and yoke.	One whip.
Two potato hooks.	Two garden rakes.
Seven corn cutters.	One cauldron kettle.
Two single harnesses.	Set saw clamps.
Five hoes.	One old carriage.
One new single harness.	Fifty bushels barley.
One new carriage.	

During the past year the greater portion of the old bedding and bedclothes have been replaced by new ones in most of the rooms, and everything in and around the house shows an appearance of thrift and economy on the part of the overseer. The stock are in good condition, the house neat and clean, and the inmates look comfortable and happy. A large amount of rubbish has accumulated around and through the house, such as old bedsteads, trunks, kettles, pans, etc., etc., which are entirely worthless, and we would earnestly recommend to the incoming board of selectmen its removal, as it only takes up unnecessary time on the part of the listers each succeeding year.

JOHN MURPHY,

Town Liquor Agent.

West Rutland, Vt., February 29th, 1894.

Road Commissioners' Report.

To the Taxpayers of West Rutland:

In submitting my report I would say that I have worked for the best interest of the town, and have put the highways intrusted to my care in the best possible condition. In repairing the Rutland road I have used river gravel. Although costing more, in my opinion it will in time prove cheaper, as it will last much longer than common gravel and give better satisfaction. I have also graded and repaired Clarendon avenue with marble chips. I have set up a watering trough at the junction of Clarendon avenue and Main St., a much needed improvement. Marble Street at the time of my coming into office was badly in need of repairs. I have spent much time and money in making it what it now is, an almost permanent road. I would suggest that in my judgment a stone crusher would be a good investment for the town, as we have an unlimited amount of material that could be utilized to advantage. In conclusion I would say that considerable outlay was necessary to put the highways in good repair. I respectfully submit the following itemized report and hope that it meets with your approval.

P. R. DWYER,
Road Commissioner.

School Directors' Report.

To the Taxpayers of West Rutland:

Your board of School Directors have drawn 155 orders aggregating \$6,235.40; classified as follows: Teachers' salaries, \$5,303.50; fuel, \$326.34; repairs, \$198.89; school supplies, \$77.52; janitors, \$267.00; insurance, \$41.50; labor, cleaning, etc., \$20.55. The detailed exhibit is appended.

As the school year closes March 31, additional orders amounting to \$886.40 for teachers' salaries will have to be drawn, bringing the total expenses for the school year from April 1, 1893, to April 1, 1894, \$7,121.80.

When the law establishing the Town School system went into effect it required the transference to the town, not only all the property of the districts, but also the debt of that property. This town, therefore, assumed an indebtedness of \$7000.00 on the school property in what was formerly District 21, payable as follows: Interest and \$1000.00 yearly, making \$1,659.93 for the year 1893.

The Directors as required by law at the beginning of the year furnished to the Selectmen a written estimate of \$7000.00 as the probable expense of running the schools for the year. This estimate which was made on a basis of 36 weeks for the school year did not include the funded indebtedness of \$1,659.93, due during the year.

At last town meeting under Article 20 of the warning the town voted to instruct its Directors to maintain forty weeks of school. There were two reasons why the Directors did not follow this instruction. First, the Town had no legal right to so vote, as the Town District system did not begin till April 1st; and 2nd, the expense of maintaining the extra four weeks would have been about \$800.00 and the Directors did not think it best to incur it.

Also under Article 20, warning of 1893, the town voted to instruct its Directors to purchase and hold text-books for use in its schools. Your Directors did not see fit to act as agents for the town in this matter.

Auditors' Report.

To the Taxpayers of West Rutland:

Your Auditors have carefully examined the books and vouchers of the Treasurer and Collector and reports of the Selectmen, School Directors, Road Commissioner, Overseer of the Poor and Town Liquor Agent, and find them correct and substantiated by proper vouchers.

Owing to the unbusinesslike way in which accounts have been kept in the past by some of the town officers, we think it our duty to suggest that the town require all its officers to keep their accounts in such a way that the proper authorities can verify them easily. We highly commend the Treasurer and Town Liquor Agent for the commendable manner in which their accounts are kept.

The financial condition of the town is as follows:

LIABILITIES.

Bonds to Greenfield Savings bank.....	\$17,500 00
United States Surplus fund.....	7,419 50
Debt on Town School building, District 21.....	7,000 00
Interest on same.....	358 43
Debt on Town School building, District 6.....	56 51

NEWTON, Justice of the Peace, within and for the County of Rutland, do hereby certify that the above is a correct abstract of all the criminal cases tried before me during the year ending November 30, A. D., 1893, in which the town of West Rutland is interested, and also the disposition thereof.

M. NEWTON, Justice of the Peace.

West Rutland, Vt., Nov. 30, 1893.

Report of Superintendent of Schools.

To the School Directors and the citizens of West Rutland :

The schools of the town for the past year, under the new system, have maintained their usual state of efficiency. Few changes have been made in the teaching force, and the work, as a whole, has been well and faithfully performed.

The whole number of children who have attended school during the year in the town district is 670. Of this number 330 were registered in district 21 under 7 teachers, and 267 in district 7 under 6 teachers, until January, and 5 for the balance of the year. Seven scholarships are held by the town in Castleton Normal School, and several students attend Rutland schools.

Sixteen teachers have been employed by the town during the year. It was found necessary to close the school in district 9 for the winter term, and one primary department in district 7, and open an extra room in district 21.

I would recommend a thorough system of grading in the principal schools, and that pupils be promoted only on merit, as determined by the principals thereof. It would be well to form classes in outside districts, subject to examination by the superintendent, with the object of passing to higher grades in the principal schools. As unity of purpose in a town district is one of the main objects of the school law, it should be carefully observed to obtain the best results.

The school buildings of the town, with one or two exceptions, are in good condition. A small outlay for the repair and furnishing of rooms in districts 6 and 7 would add much to the comfort and convenience of the occupants.

The truant and compulsory sections of the school law should be enforced. Several cases reported to the officers

during the year received no attention. Many children of school age in the vicinity absent themselves from school without cause, and will not attend any school unless compelled to do so.

One or more evening schools maintained during the fall and winter months, would, I am convinced, be productive of much good. There are, probably, many young people in the vicinity who would gladly avail themselves of such an opportunity to improve their education.

In conclusion I would respectfully suggest to all, officially or otherwise, interested in the progress and success of the schools, that a constantly increasing interest be taken in their work.

The tendency of the times, as regards the public schools, is towards a more thorough mental and practical training in those branches of study most essential to the child's future success in the *business* world.

It is proper to demand that our common schools do the work for which they were instituted. That work is, evidently, to lay a strong, common-sense foundation upon which may be built the future aspirations, mental power and usefulness of the student. From such a vantage ground he may advance to higher educational honors, or take his place in the battle of life with surer prospects of winning.

J. E. LEONARD,
Superintendent.

GRAND LIST, \$21,420.55.

NOTICE.

The legal voters in Town Meeting of the town of West Rutland, are hereby warned to meet at Campbell's Block, on Tuesday, the 26th day of March, A. D. 1904, at 9 o'clock in the forenoon, to transact the following matters, to wit:

1. To choose all necessary town officers required by law.
2. To see if the town will vote to raise more than the 20 per cent. highway tax required by law.
3. To see if the town will vote a state highway tax of 25 cents on the dollar as required by law.
4. To see if the town will vote to appropriate 10 per cent. of the highway fund for the construction and maintenance of sidewalks.
5. To see if the town will vote any compensation to town officers.
6. To see if the town will vote to exempt the polls of firemen from taxation.
7. To see if the town will vote to pay men employed on the highway \$1.50 per day.
8. To see if the town will vote to give the constables the jurisdiction of the courts serving criminal processes.
9. To see if the town will vote a tax on the grand list to defray the expenses of clerical help.
10. To see if the town will vote to raise money by tax or otherwise to defray the current expenses and indebtedness of the town and to see at what time the same and the highway tax shall be payable.
11. To see if the town will vote a state school tax of .25 cents on the dollar as required by law.
12. To see if the town will vote to raise money by tax or otherwise to defray the current expenses and indebtedness of the town and to see at what time the same and the highway tax shall be payable.
13. To see if the town will vote to award the keeping of the town poor to one town or bidder for the year commencing March 31st, 1904.
14. To see if the town will vote to rent the town farm, the proceeds to be applied for the support of the town poor.
15. To see if the town will vote to establish and maintain a free public library for the use of the inhabitants thereof.
16. To see if the town will vote to accept the provisions of Sec. 389 to 400, Revised Laws, amendments and additions thereto, providing for the payment of all taxes direct to the town treasurer.
17. To see if the town will vote any compensation to W. E. Smith for water for watering troughs.
18. To see if the town will vote to appropriate part of the highway fund for the repairing and maintaining of bridges and for making permanent or more finished highways.
19. To see if the town will vote to appropriate money for the observance of Memorial Day.
20. To see if the town will vote to instruct the governing board of settlement to draw an order on the treasurer for the use and maintenance of a public library, as voted at the last town meeting.
21. To transact any other necessary and legal business.

M. W. CANNON,)
Wm. B. MOHAN,) Selectmen.
A. A. KIDDER,)

West Rutland, Vt., Feb. 23d, 1904.
